

Better Pack[®] 333 Plus

World's #1 Selling Manual
Water-Activated Tape Dispenser

The Better Pack 333 Plus is a manual water-activated tape dispenser that is rugged, reliable and simple to use. This dispenser is perfect for light-to medium-volume packaging areas and accommodates both reinforced or non-reinforced water-activated tape. It is available as a non-electrical unit and also with an optional top heater accessory (electricity required), when increased tape adhesion is needed.

Quality, Productivity & Performance

- Superior mechanics and guillotine blade deliver clean, even cutting of reinforced and non-reinforced tape
- Steel side frame construction ensures durability and long life
- Two water brushes provide consistent, uniform wetting of adhesive
- Large water bottle means fewer refills and less downtime
- Quickly choose one of 15 preset tape lengths on clearly marked dial

Environmentally Responsible

- Water-activated tape is recyclable and repulpable
- Only one strip of water-activated tape is needed for a secure, strong seal
- Portable dispenser requires no electricity
- One Better Pack 333 Plus can potentially replace 64* handheld plastic tape guns

Better Pack 333 Plus: Engineered for the Global Market

Model #	Name	Electrical Requirements	Gum In or Gum Out (Tape)
BP333PLUS	Better Pack 333	None	Gum In
BP333PLWHT	Better Pack 333 with Heater	115v	Gum In
BP333PLUSCM	Better Pack 333 Centimeters	None	Gum In
BP333PLUSJ	Better Pack 333 Centimeters (Japan Only)	None	Gum In
BP333PLWHTJ	Better Pack 333 Centimeters with Heater (Japan only)	100v	Gum In
BP333PLUSM	Better Pack 333 Centimeters	None	Gum Out

* Based on the average 3-month life expectancy of a handheld plastic tape gun, one carton sealing professional will use and discard approximately 64, non-recyclable tape guns. Better Pack dispensers have an expected life span of 16 to 20 years.

Better Pack[®] 333 Plus

Options to Optimize Performance, Efficiency and Sustainability

Optional accessories can be purchased to optimize the performance of the Better Pack 333 Plus. Also, when using 100% recyclable water-activated tape, such as Better Pack Tape from Better Packages, the Better Pack 333 Plus is the ultimate environmentally responsible choice for sealing cartons.

Top Heater Accessory (*requires electricity*)

- Heats water to optimize tape's adhesive properties
- Excellent for use in chilly shipping environments

BP333 Plus with Heater

Tape Aerial (*requires Top Heater Accessory*)

- Creases tape for easy handling and placement
- Simplifies and accelerates packaging process

Tape Aerial

Code Taper Accessory

- Allows for custom printing directly onto the water-activated tape as it is dispensed
- Print one-color logos, dates and printed codes on demand
- Requires custom roll pads and ink

Code Taper
